Q4: From the result above, PC1 cover 44.27% of variance

Q5: To get at least 70% of variance, we need PC1,PC2, and PC3

Q6: To get at least 90% of variance, we need at least PC 1,2,3,4,5,6,7.

Q7: What stands out to you about this plot? Nothing, I can barely understand anything as it is filled with a bunch of different information.
